CAMPAIGN GOAL

Turn SQL Account users into SuDu AI demos by 31 Dec

01 · AWARENESS

Every SQL user hears the big idea

Target reach: [TARGET]

02 · ENGAGEMENT

Fill the 10 Dec seminar

Target registrations: [TARGET]

03 · CONVERSION

Demos booked and proposals sent

Target demos: [TARGET]

Big idea: Your SQL AI, powered by SuDu AI. SQL Account is the master mind; SuDu AI runs automation and operations.

WHO WE TALK TO

Three SQL user groups, each with its own way in

Trading & distribution

Pain: retyping orders, stock that never matches

AI Agent · WMS

"WhatsApp order to SQL in 4 steps"

Manufacturing

Pain: paper logsheets, hidden scrap, guessed cost

MES · WMS

"Know the true cost of every job"

Accounts & finance

Pain: chasing payments, bank-in slips lost in chat

AI Agent

"Reminders and receipts that run themselves"

MESSAGE HOUSE

One big idea, three proofs, fixed rules

Your SQL AI, powered by SuDu AI

SQL Account is the master mind. SuDu AI runs automation and operations.

AI Agent

Message in, order done

4 steps; managers approve only special cases

WMS

Stock you can trust

Every move scanned; FIFO / FEFO picking

MES

Every job in control

QR work tags; material vs BOM; live OEE

RULES One product, one CTA | ROI marked “illustrative” | Logos and CTAs fixed

HOW WE MEASURE

Demos booked is the number that counts

Area	Metrics	Target	Tracked in
Website	Visits · PDF downloads · demo forms	[TARGET]	Page analytics
Email	Open rate · click rate · registrations	[TARGET]	SQL email tool
Social	Reach · engagement · link clicks · DM leads	[TARGET]	Platform insights
YouTube	Views · average view duration	[TARGET]	YouTube Studio
Seminar	Registrations · attendance · consultations	[TARGET]	Registration form
Pipeline	Demos booked · proposals · deals won	[TARGET]	Shared lead sheet

A UTM tag on every link (e.g. utm_source=sql_fb, utm_content=G2) traces each lead to the post that brought it.
